CITY ACCEPTS MASTER ZONING PLAN; WEISEND BURNING PERMIT DENIED; NEW CITY CLERK IS APPOINTED

City hired Nestor Barrett, municipal planning consultant to implement a master zoning plan for the city, denied Harry Weisend's application for a use permit to burn old auto bodies in the Los Gatos creek bed; hired Mrs. Dorothy Pamlar Trevethan as new city clerk and appointed Mary Jo Miles, deputy, in the main action at City Council meeting, Monday night.

Master zoning plan, street and highway plan, subdivision and zoning ordinance and other general planning recommendations by municipal planning consultant Nestor Barret will cost the city $600.

Barret had submitted an earlier proposal for a zoning plan costing $1200 if county would contribute a substantial part of the payment.

County Supervisors turned down Campbell's request for funds when other cities in the county clamored for part payment of zoning expenses.

Harry Weisend's much-discussed application for a permit to burn old automobile bodies in the Los Gatos Creek bed at the end of Dillon Ave. was finally settled at the last meeting. It was denied by a four to one voice-vote with Mayor Richard W. Morton voting yes.

After the council had agreed to accept as fact Councilman James B. Arends Jr.'s report that there had been no burning in the R. J. Leach property, the proposed site of the auto burning, for the past five months, the council denied the permit for rezoning. Weisend stormed out of the council hall

ANYTHING CAN HAPPEN Sunday at Ken Roberts Union Service Station when De Molay Mothers man the pumps for the benefit of local DeMolay chapter. Shown above in a practice run are Mrs. Earl Campbell, who seems to have difficulty locating the gas tank, and Mrs. Elsie Thompson, who thinks an oil can with handy dispenser makes a nifty window washer.

DE MOLAY MOTHERS TO MAN SERVICE STATION SUNDAY TO BENEFIT CLUB

The sign, "Ladies, We Serve You," will be ceremoniously hauled down next Sunday to read "Ladies Serve You" at the Ken Roberts Union Service Station on South San Jose-Lot Gatos Road when approximately 20 dungaree-clad DeMolay mothers man the pumps for the local De Molay chapter's organizational expenses.

The day's proceeds from the mother-management will be donated to the Los Gatos Chapter of De Molays, which serve the Campbell and Saratoga areas.

It has been rumored that a fleet of De Molay men and local Shrine members intend to converge en masse at the station in an attempt to confuse the lady attendents, but Mrs. Amye Roberts, chairman of the organization, says they will be ready for them.

The mothers intend to man the station with seven-member shifts starting at 8 a.m. and hope to be able to continue until the station's close at 10 p.m.

All work of the station will be handled by the mothers. Gassing automobiles, changing tires, cleaning windows, filling oil tanks, charging batteries, and all the other jobs of manning a service station will be done for the day by the women.

Among those who will greet Sunday's customers are: Mesdames Amye Roberts, president of De Molay Mothers, Earl Campbell, Eva Windell, Patricia Adams, Hazel Williams, Ethel Boyajian, Pearl Humphry, Grace Hooton, Delores Nolte, Rocelia Neil, Lillian Nelson, Reba Claire Sprick.

NEW PHONE SERVICE EFFECTIVE STARTING TOMORROW, AUGUST 1

Telephone calls to Los Gatos from Campbell become toll-free beginning Friday, August 1, it was announced today by W. E. Williams, Pacific Telephone District Manager.

Calls to Los Gatos numbers, which include the prefix Elgato 4, will continue to be placed with operator as in the past.

Athough the change means the addition of over 5,000 Los Gatos telephones to the Campbell local calling area, Williams said that there will be no increase in the Campbell extended service exchange rate. The toll-free calling area from telephones here formerly included only Campbell, San Jose and Saratoga.

Beginning August 1, Campbell telephones previously having only local service are also being placed on an extended service basis. Extended service exchange rates will apply to these subscribers, who will benefit from the addition of over 70,000 telephones in San Jose, Saratoga and Los Gatos, to their toll-free calling area. In addition, charges for most station calls to many ohter Bay Area exchanges from former local service telephones will be reduced about 12 per cent.

Under the new arrangement, for each 5 cent unit of the former toll charge for such calls, these subscribers will now be charged one message unit, which is 4.4 cents.

The savings have been made possible in part by more economical billing methods, in which the total number of message units are shown without itemization on customers' bills. The reduced charges do not apply to collect calls or to those charged to another telephone, Williams stated.

The reduced rates became effective last December for subscribers who already had extended service.

In addition to expansion of the local calling area here, equipment additions just completed in the Campbell Telephone Office permit connecting telephones for about 100 new subscribers, according to Williams.

ASS'N. RETURNS $2 MILLION TO PRUNE, 'COT MEN

Distribution of an additional $2,737,443 to prune grower-members of the California Prune and Apricot Growers Association is reported by Director F. L. Steindorf who is also Central Representative of the Campbell-Los Gatos Prune and Apricot Association. This distribution increases to $10,838,715 the total returned by the Association to its members on 1951 prune deliveries.

The Association distribution covers 100 percent of members' 1951 crop prune deliveries and includes anticipated returns from the prune pool, operated under the Federal Marketing Agreement and Order Program, on 25 percent of the crop.

The total distribution gives Association growers a tentative total return to date of better than 9 cents per pound bulk basis on their entire deliveries for sizes testing 76 and larger for Fancy French classification.

The individual grower-member returns to date on Fancy French prunes is equivalent to 9.75 cents a pound bulk basis on size 30-40; 9.35 cents bulk basis on size 40-50; 9.15 cents bulk basis on size 50-60, and 9.05 cents bulk basis on size 60-70. The schedule of returns for Extra Choice "A" classification is ¼ cent below this schedule, and the schedule for Extra Choice French is ½ cent below Extra Choice "A."

CITY ENGINEER SUBMITS REPORT ON LOS GATOS CREEK BED WORK

Campbell City Engineer, Mark E. Thomas, acting under the direction of the City Council at the request of R. J. Leach, Dillon Ave. property owner, that certain work be done in Los Gatos Creek bed to prevent shifting of property, Monday night submitted a report with recommendations to the city council.

Report was filed with City Clerk, and Council action was deferred indefinitely pending results on Los Gatos Creek of completion of Lexington Dam.

Discussion brought out that Lexington Dam, though not intended primarily for flood control purposes would act as a flood control measure for the Campbell area in that Dam is intended to hold more than an average year's water.

Dam is intended as a water conservation project—to collect and hold water and allow it to percolate for irrigation and other purposes. When the Dam is first filling up very little water will flow through the Los Gatos Creek, Thomas pointed out.

Text of engineer's report follows:

Mr. Leach presented a petition signed by all adjoining land owners to the County Engineer last winter requesting that certain work be done in Los Gatos Creek.

According to the County Engineer, the Board of Supervisors did not act on the petition because they might become liable to property owners in case of further movement of the creek.

During the past winter the creek cut deeply into the lands of Leach and other property owners.

Mr. Beatty of the Western Gravel Company offered $500 to the owners of the adjoining properties to remove the tules and widen and deepen the old channel. He made this offer because the water running continually from the gravel plant causes the tules to grow. The tules, of course, tend to cause the creek to seek a new channel. Mr. Beatty states that he does not want to do the work himself because people on the east side of the creek might sue him in the event of erosion on that side. He states further, that he is willing to remove gravel from the gravel bar just south of the Campbell Avenue bridge and pay the City at a rate of 22½ cents per cubic yard.

The County Engineer believes that the tules could be removed by the City without liability, and believes that this should be done. It is his opinion that the gravel bar south of the bridge should not be removed entirely but that the material therein might be used for reshaping the channel of creek. He warns that the grade of the creek must not be lower than the concrete apron which is underneath the north portion of the Campbell Avenue bridge (old Peninsular Railway bridge).

LOCAL RIDER SAYS ENOUGH IS 'NUFF

Cloyd Williams, son of Mr. and Mrs. Betty Williams, Maple Ave., just doesn't seem to have any luck at all lately.

In spite of a broken arm suffered in a rodeo engagement while stationed at Park's Air Force Base, he entered the Santa Clara County Junior horseshow at the Sheriff's Posse grounds last Sunday in the steer riding event.

He had no sooner boarded the critter in the chute when, according to Cloyd, the blanket-blank so and so, headed for the wall.

"It was either him or me," Williams said, "so rather than get scraped off and break my leg, I dismounted, but quick." "I was disqualified, but I figured it wasn't my day, so I let it go at that."

Dorfman, $268,418.40; McGuire and Hester $313,792.65; A. J. Peters and Son, $383,555.80. The bids were referred to the District Engineer, Don Reinoehl, for checking and recommendations.

The Board of Directors has requested that Dr. Turner attend the August 6 meeting to explain his department's reason for declaring certain locations as critical health areas and to answer any questions on the subject.

K OF C'S VIEW MOVIE SCENES OF BEER HORSES

In an open meeting at St. Mary's Hall, Los Gatos, the Bishop O'Dowd Council, the members and several visitors were shown a motion picture of the Budweiser Brewery horses. Their care and grooming and general technique in handling these animals and the equipments was very interesting.

The pictures were made available through Mrs. Kay, a member of the council.

and said, "I'll sue the city."

City Attorney Joseph A. Bonacina ruled that, while there had been burning in the lot prior to the incorporation of the city, March 28, no use had been established in the period between incorporation and the adoption of the inter-zoning ordinance April 21. "This rules out the possibility of a non-conforming use," Bonacina said, "and the application must be treated as a new zoning problem."

Councilman Joseph V. Gomes opposed issuing a rezoning permit on the grounds that smoke and annoyance could not be confined to a certain area, and that it was in the best interests of the majority of the residents of the city to curtail that type of business as much as possible.

Another protest was registered by spokesman Roy S. LaVette, 71 Giles Way and 13 other property owners in the area, who complained that, "the stench from the Campbell Hatchery from flies, bird droppings, cats and rats, is enough to sear the lungs." The matter was referred to the health and safety committee for future action by the County Health Officer.

Public hearing application of Emil W. Chandler, represented by attorney Martin S. Walsh, to change a dwelling at 276 North Central Ave. to an apartment building was continued for one week pending submission of building requirements. Matter was referred to Councilman Joseph Dahl for a report at next meeting.

Lyle Cushman, spokesman for Campbell Baptist Church received permission from City Council to use plans submitted earlier to the Council for construction of a new auditorium. Work had been done on the building before adoption of interim zoning ordinance.

Campbell Union High School district was notified that they will have to file for a use permit to move the proposed community building (Scout Building) on the West side of North third to the Northeast corner of North Third and Grant Street on a lot bought by the board of Trustees but that $15 filing fee requirement will be waived.

CAMPBELL MAN TO HEAD CITIZENS TO SUPPORT WATER BOND ELECTION

With the announcement that Frank L. Steindorf, widely known orchardist and advocate of the fullest possible development of the Santa Clara Valley's water resources, will head the Citizens Committee supporting the Sept. 16 water bond election, plans went forward yesterday to fully acquaint the people with the urgent need to take this further big step in the continuing water conservation program.

Two bond issues will be submitted to the residents of hte Santa Clara Valley Water Conservation District, one for $850,000 to complete Lexington Dam on Los Gatos Creek, and the other for $600,000 to speed percolation of stored water into the subterranean reservoir underlying the valley by construcing a canal from the Coyote River to the Alamitos Percolation Pond on Almaden Road, and to extend by two miles the Vasona Canal to a point on Saratoga Creek near Cox Road.

G. Walter Hunt, chief engineer for the water district, has stated that with last winter's abundant rainfall having filled th edistrict's six reservoirs to overflowing, and prospects of a wet cycle of years ahead, it is all the more imperative that percolation into the underground reservoir be speeded and that Lexington Dam's 25,000 acre-feet capacity be added to the system this year. Lexington, now nearing completion, has been unavoidably delayed by the relocation of the Los Gatos-Santa Cruz Highway, with consequent sharp increases in land and construction costs, Hunt stated.

Steindorf, a resident of the Campbell area, long has been a leader in the program for water conservation, and is a member of the water district board. Among his many important posts are directorships of the California State Farm Bureau Federation and the California Prune and Apricot Growers Association.

In accepting leadership of the bond election, Steindorf said that the canals to move the stored water westward where there are more effective gravel beds to speed percolation have been contemplated since the inception of the conservation program more than two decades ago. "Our conservation facilities only now are at the stage where the full benefits of our program can be demonstrated," Steindorf stated. "Speedy completion of Lexington Dam and the construction of the proposed canals constitute another important forward step in lifting our underground water table and augmenting our valley's No. 1 resource, water."

MORE ABOUT Forrest Reese

(Continued from Page 1)

Date of the service drive will be announced later in the Campbell Press.

Forrest Reese, campaign chairman stressed the fact that all monies collected would be spent locally, he added that many persons who live in Campbell and work in other areas have been in the habit of contributing where they work instead of in the area in which they live.

"This is not fair to these person's children or to their neighhe said. "When money for the drive is contributed in Campbell, it goes toward helping children and worthy organizations right in the Campbell area. Money contributed in other areas by Campbell residents only goes toward building up the organizations of that community."

"I urge everyone who lives in Campbell and is contemplating making a donation in another area instead, to give the matter serious thought," Reese said.

MARGARET SMITH celebrated her 12th birthday by inviting 12 of her friends to an evening party on the lawn of her home on Sunnyside Avenue. Guests were LINDA COREY, JEAN ANN STRICKLAND, LORETTA HAMMOND, SHIRLEY DAVIS, ALICE SMITH, GLEN KINSEY, MAX KINSEY, ROBERT HOFFMAN, JOE CASCIO, WARREN DAVIS.

Margaret Maddry, Cyril Giordano Are United In Church Ceremony

Charles C. Maddry escorted his daughter Margaret to the candlelighted altar of the Baptist Church of San Jose for rites uniting her in marriage with Cyril Giordano. Baskets of white stock, daisies and gladioli appointed the church, and wedding music, presented by Mrs. Georgia Engberg, vocalist, accompanied on the organ by Miss Patsy Peterson, set the nuptial note before Margaret walked down the aisle to her waiting bridegroom. The Reverend Clarence R. Sands performed the ceremony.

The bridal costume was a ballerina length gown of embroidered organdie over taffeta with matching gauntlets and a shoulder length veil of tulle, held by a coronet of seed pearls. Margaret's bouquet was of white orchids circled by stephanotis and white ribbons.

Esther Giordano, sister of the bridegroom, was maid of honor to Margaret in a ballerina gown of pale yellow nylon over taffeta. She carried a French bouquet of blue carnations.

Cyril's best man was Warren Bent, and ushers were Ronald Benskin and Eddie Erwin.

For her daughter's wedding Mrs. Charles C. Maddry chose an ensemble of navy blue with pink accents and pinned on a corsage of orchids. Mrs. Nunzio Giordano, mother of the benedict, selected a costume of navy and white and also pinned on orchids.

Following the ceremony a reception was held in the church parlor, where the happy couple greeted guests. For going away on her honeymoon, to Carmel and Santa Cruz, the new Mrs. Giordano wore a brown and white nylon dress with white accessories.

Margaret attended San Jose High School, San Jose State College and Heald's Business College. She is employed by the San Jose City Health Department.

The benedict, son of Mr. and Mrs. Nunzio Giordano of Campbell, was graduated from San Jose Technical High School, served in the armed forces in World War II, and is employed by a Santa Clara corporation.
